

## Dear colleagues!

XXX Symposium “Nanophysics and Nanoelectronics” will be held at the Congress Center “Oka” in Nizhny Novgorod from March 9 to March 13, 2026.

The list of [accepted talks](#) is published on the Symposium website by sections:

1. Superconducting nanosystems and cryoelectronics;
2. Magnetic nanostructures and spintronics;
3. Semiconductor nanostructures: electronic, optical properties, formation methods;
4. Measurements and technologies of atomic and nanometer scale based on probe, electron-beam and ion-beam methods;
5. X-ray optics, related technologies and applications.
6. Element base of quantum technologies based on solid-state nanostructures.

## Presentation format

The time limit for plenary talks is 45 minutes (including Q&A), invited talks are 20 minutes (Section 3), 25 minutes (Section 1), and 30 minutes (Sections 2, 4, 5, and 6), and oral talks are 15 minutes (Section 3) and 20 minutes (Sections 1, 2, 4, 5, and 6). The acceptable presentation format for the talks is PowerPoint slides or PDF. Poster size should not exceed 90 x 120 cm (A0 format) in portrait orientation.

## Registration fee

All the registered persons have to pay the registration fee to participate in the Symposium. The registration fee is set at 20,000 RUB. The cost of the registration fee includes renting the halls of the Oka Congress Center, a Symposium participant's bag with handouts, organizing coffee breaks, publishing the Symposium book of abstracts.

The program and the book of abstracts of the Symposium will include reports from participants who have paid the registration fee.

In case of difficulties with paying the registration fee, you should contact the Organizing Committee to find a mutually acceptable solution.

## Organizing committee contacts

**Dr. Dmitry Tatarskiy** (the scientific secretary of the Symposium), **Maria Zorina**
