

Dear colleagues!

The [list of the accepted presentations](#) is now available on the XXIV International symposium “Nanophysics & Nanoelectronics” website. The list is divided into the following sections:

1. Superconducting nanosystems;
2. Magnetic nanostructures;
3. Semiconductor nanostructures: electronic and optical properties, methods of formation;
4. Measurements and technologies of atomic and nanometer scale based on probe, electron-beam and ion-beam methods;
5. Multilayer and crystal X-ray optics.

Presentation format

Plenary talks will conform to a 45-minute format (including time for discussion). Invited talks are planned to be scheduled to 30 minutes in sections 1, 4, 5 and 25 minutes in sections 2, 3. Oral talks are limited to 20 minutes in sections 1, 4, 5 and 15 minutes in sections 2 and 3. The acceptable presentation format for the talks is Power Point slides and other graphic and multimedia Windows-compatible files. Posters should not exceed 0,9 m (width) x 1,2 m (height).

Proceedings

The Symposium Proceedings will be published before the Symposium starts. The template for the two page abstract will be available on the symposium website in [Documents](#) section. The abstracts complying with the formatting requirements should be uploaded via My office section on the Symposium website. **The submission deadline is January, 23, 2020.**

Accommodation

The Symposium will be held in the “Avtomobilist” health resort near Nizhny Novgorod.

Registration fee

The Registration fee is **300 EUR**. It covers the accommodation in the “Avtomobilist” health resort, meals (including coffee breaks and social dinner), publication of Symposium proceedings, cultural program. The payment can be made at the Symposium.
